~~SB~~ SB 46 & SB 406

I am opposed to these bills. God alone is the judge of these kind of actions.
While I personally would not consider abortion, I cannot set myself up to judge another person who after consultation with their physician and searching their own heart has chosen to have an abortion.
In the case of murder of a pregnant woman, or an accidental death, I don't believe a fetus is a person until it is viable (able to exist outside the womb). There fore I am against these bills.
